

# Summer Art Challenge

We would love you all to try and complete one challenge a week. We would love you to share any pictures of you completing these activities on the school Twitter feed so tweet to @huncoteprimary or email pictures of you working- remember to send it to your current teacher. Let's 'Gogh'!

Design and build a vehicle.  
It can be made from anything you choose, or create one on a computer.

Decorate a stone with patterns, animals, people or your favourite thing.

Paint a pattern or picture on a leaf.

Design and decorate a cupcake.  
This can be one you have cooked or you can create one on a computer.

Make a sculpture or collage of things you have found while out on a walk.  
Can you turn it into a creature?  
Can you make a sculpture like Andrew Goldsworthy?

Draw a shell.  
What creature do you think would live inside?  
Can you draw it coming out of the shell?

Design and build a floating vessel. What can you build it out of? Does it float?

Create a pattern with shapes.  
Start with one shape in the centre then surround it with a different shape and keep going till you have filled the page
